## Summary

I'm an highly-detail oriented live sound engineer, with over ten years experience in pop, rock, classical music and corporate events. My key strengths lie in my friendly character, a good predisposition for team work and ability in problem solving, even under pressure. Right now I'm looking to join a company or a production in which gain more experience and face new challenges for a personal and working growth.

## Work Experience

**1999 TO 2003:** Various sound-related jobs, including keyboard player and volunteer sound engineer for LILT - Lega Italiana Lotta ai Tumori.  
**FROM 2003:** Freelance FOH Live engineer for live and corporate events; System Engineer in theatre, arenas and outdoor pop/rock shows.
